**RICHMOND
HIGH SCHOOL**

Foreword

It is our desire to follow the fine example set by previous graduating classes and to produce a yearbook that is a credit to Richmond High School. We sincerely hope that we have accomplished our goal. To all future Garnet Staff members, we wish every possible success.

We, the Class of 1957, started off very successfully this year. We started the year by electing new officers. They are as follows:

President - - - - -	DALE SMALL
Vice President - - - - -	-JOHN CURTIS
Secretary- - - - -	- DOLORES KENNEDY
Treasurer- - - - -	- FREDERICK RAYNES

We held a Christmas Dance, at which a king and a queen were chosen by popular vote.

Our class is very active in sports. We have five girls participating in Girls' Basketball. Seven boys play basketball, nine play football, and three play baseball.

We have two majorettes in our class and two members who play in the band. Members of our class also sing in the Glee Club.

On September 7, 1954, we entered R. H. S. with a small class of 29, but we made up for this in quality. We adjusted ourselves to this different atmosphere quickly only to be set back a bit by our initiation. After becoming full-fledged freshmen, we had a few successful socials and held about one class meeting each month.

After coming back to R. H. S. as sophomores, September 6, 1955, we looked forward to Freshman Reception. This was held October 23.

We are well represented in activities with three playing football, five playing boys and girls basketball, five cheerleaders, six in the band, and all the girls but one sing in the Glee Club.

Band

The band has had a very good year under the direction of Mr. Tainter. The playing ability of the thirty members has generally improved. The five majorettes, with Marilyn Perry as captain, have been a big help in marching practice.

Although activities have been few this year, we have been looking forward to a concert in April and the annual Maine Music Festivals.

Ervin Noble '56

Mr. Hinckley: "How many subjects are you carrying?"
Dawson McCosh: "Carrying one and dragging three."

Ervin Noble: "Do you remember when we met in the revolving door?"
Judy Reynolds: "Yes, that was when we started going around together."

We, the Seniors of '56,
 Are clean cut and full of wit.
 We sit and talk and always fool
 But never, never think of school
 Then when rank cards come due
 We fret and groan and always chew
 But when in June it's time to go
 We'll all feel sad and very low.
 And when Mr. Perry's hand we shake
 Our poor, young hearts will seem to break.
 The teachers have helped us these twelve years
 To bring this night of dreaded tears.
 The Junior Class holds a reception
 To show the seniors their affections
 We all say we're glad to go
 But do you think it's really so?
 We'll miss the students and teachers 'tis true
 And we know that they will miss us too.

IT HAPPENS EVERYTIME

Have you ever wanted to be a superman? Well, maybe you haven't but I know a boy who wanted to. Would you like to hear the story?

It happened during the early years of 1800. A small boy of five decided he wanted to become famous. He knew he had no hidden talent so to be really famous, he thought doing something a bit out of the ordinary would be best.

It was a cold, misty morning when Jack woke up, his mind full of ideas of how to fly. He descended into the barn and made a pair of wings he thought to be ideal for this special occasion. He fixed them on his back and disappeared into the house; but as he approached the kitchen, his Mom noticed the queer-looking outfit Jack had on. When she asked why he had outfitted himself with wings, he confronted her with a lie that went something like this, "I'm an airplane." There was no further need for another question; the one Jack had given his mother was quite satisfactory.

He then climbed the stairs to his bedroom, approached the window, lifted it and climbed upon the sill, flapping his wings. He jumped. He didn't fly, as you can well imagine. Why? Well, you figure it out.. Maybe you can come up with a logical answer.

Jack has his wish now - he flies; he has wings. But he has wings of an angel in heaven.

Playing Hookey

Some mornings it just doesn't pay to get out of bed. One morning I got up with the feeling that it was too good a deer hunting day to go to school. I knew there wasn't much sense in asking my mother and father if I could go hunting, but I decided to go just the same. My chance came when we were about half way through breakfast. My father made the remark that he thought it was a good day for deer hunting. Naturally I agreed with him and asked him if I could go.

Well, we usually eat a quiet breakfast, but there is an exception to everything. My father's fist came down on the table with such force that my brother dropped his glass of milk in his cereal, my mother almost choked on her coffee, and the cat took off as if Satan was after her.

After the excitement died down they both started on their famous lecture "The Necessity of Education." After listening to this for awhile and getting bored stiff, I told them I had to get ready for school so I went upstairs and after great difficulty managed to get all my hunting clothes in my basketball bag; and, sticking my rifle down my pant leg, I hopped downstairs. I made a fast break through the kitchen and out through the door to the car and started for school. There was a certain farmer I knew that liked to go hunting quite a lot, so I went to his place. He said he would go hunting but he had to finish his chores first. So we could get going quicker I started to help him out by haying and graining the cows; just before I finished, the power went off and we had to milk the last twenty cows by hand. Just as we finished, a water pipe burst in the milkroom and in order to keep the milk from freezing we had to fix it. By the time we got this fixed it was almost two o'clock, and I began to think it would have been better to go to school and then go hunting but it was too late now.

We got in the car and headed for a likely deer spot, but luck was against us. A tire blew, and because I didn't have any spare, I had to take the tire all apart to fix it. By the time I got it fixed it was too late to go hunting so I went home discouraged. The only advice I have for future schoolskippers is; "Brother," don't get out of bed with the intention of skipping school!"

WHAT I BELIEVE IN

"All men are created equal," that is what our great document, the Constitution, says, but I feel we are not carrying out this great statement. I am referring to the Negro; they were brought here by our ancestors years ago without having the right to say whether they wanted to come or not. When they were brought here, they were auctioned off to some large plantation owner. Ever since then, they have been more or less brow-beaten by the whites. For an example, having to sit at the back of a bus or not allowed to go to the same movie theatre or eat at the same restaurant. This, of course, is only in the South. But they are still ill-treated in the North as well as the South. I have heard that they are very ignorant and live in filth and dirt. But haven't they a reason to? Haven't we always pushed them back and never actually given them a fair chance? If God were here now and there was a little negro child lying on his back, maybe dying, it wouldn't matter to him if his skin was white or black. He would still heal him. I feel if these poor people had been given a fair chance years ago, they would make better citizens today. Actually, there is still a civil war going on down South between the Whites and the Negroes. What if the cards on the table should change? What would we do in their place? We would probably do the same as they are doing - fight for our Independence. I hope that some day a negro may come home from work and sit at the front of the bus or take his wife and family out to dinner and eat at the same restaurant as we do. Then I believe we can truthfully say, "All men are created equal."

WONDER

I often pause and wonder
What I've done or what I will do for Him.
The one who made this great wide world.
The one who died because of Sin.

I often pause and wonder
About his everlasting love.
Lover for you and me
Love descending from above.

I often pause and wonder
If He didn't do more than His share
So from Sin, we might be free.
And that we might know the Father's loving care.

I LIKE TO THINK OF LINCOLN

When I think of Lincoln
A brave boy was he,
Who stood before the crowds of people
Who, all eyes could see.

When I see him there in pictures
It makes me want to be,
The kind of boy that Lincoln was
So kind and true was he.

HIGH SCHOOL MEMORIES

We started out our Freshman year
With initiation our one great fear
The day September 25 finally came,
We sang the school song when called by name.
Corny and cute were the combination of stunts
We'd do over again with less groans and grunts
Our Sophomore year it was our turn
To think up the stunts; and watch Freshmen burn,
Then came our fabulous Sophomore Hop,
The sock dance with lots of be-bop.
Our Junior year I know not too much
But I hear it was still the same old bunch.
They did away with the Prom but kept Jr. Dec.
The speaking contest everyone was scared as heck.
Senior Reception they fixed the gym,
With the orchestra in the center, a new and different whim.
Our Senior year sure is a wow of work and fun,
Smile pretty for your pictures; and that's all done.
Rehearsals, committees' for our class play,
Two performances, one at night, and one in the day.
Few go on the Washington trip,
But come home with stories that make you flip.
All during school we've had our sports,
And most of the time we've held the fort.
And so we come to the end; tis time to say good-by
We are finishing High School but to Life must say "Hi."
We'll keep these memories always in mind,
For friends and memories like these are hard to find.

ATHLETES

Head Cheerleader: P. Leibowitz. Second row: Marilyn Lamoreau, Billie Wells, Judy Reynolds. Third row: Judy Perry, Jane Poland, Joyce Withee and Louise Paradis.

Cheerleaders

We held Cheerleading tryouts the first of the year. Pat Leibowitz being our only veteran, seven new girls were added to the squad. They were as follows: Billie Wells, Joyce Withee, Jane Poland, Louise Paradis, Judy Perry, Marilyn Lamoreau and myself.

Pat and I were chosen as Co-Captains.

Marilyn Lamoreau left the squad and again we had tryouts. It was a tie between Marilyn Perry and Sandra Terrell.

We received new uniforms this year and were proud to cheer our teams on to Victory in them.

I will be leaving the squad this year, but I want to wish the best of luck to the future teams and cheerleaders of R. H. S.

Richmond started out very well the first period, got off to a quick lead, and was never bothered the rest of the game. The first quarter was won mostly by the great running of Jerry Reynolds and Harry Simmons. The fourth quarter was run by Ed Coughlin, who got the other T. D. for Richmond.

Defensive stars were Phil Withee, Arthur Lebel and Gerald Cloutier.

BOYS' BASKETBALL (Continued)

Our new Coach Daniel Maloney started out the year with four veterans back from last year's team. They were: Ed Coughlin, Mossie Sullivan Phil Withee and Harry Simmons. Although we didn't have such a good record as they had in the past it was a building year with 6 wins and 10 losses.

We averaged 48.6 points a game. The highest individual score, 27 points, was made by Ed Coughlin against Erskine.

We were seeded fourth in section 3 in Western Maine and beat Wiscasset the first game 59-44. We lost to Lisbon in the second game 59-49.

Four Seniors are leaving the team - George Schools, Harland Lebel, Jerry Reynolds and Ed Coughlin. With up and coming stars like Harry Simmons, Mossie Sullivan, John Curtis, Phil Withee, Gordon Stinson and Carroll Coughlin we expect a great year at R. H. S. in '57.

Richmond High opened their 1955 season with seven returning veterans. In all, nearly eighteen boys came out for the first practice in April. They were hoping for one of the best records to prove themselves very worthy of their previous record of 10 wins and 2 losses.

The boys had an unusual year in getting home runs. All together they got nine home runs which is very unusual for a high school team. The four boys who got home runs were James Sullivan, three; Roger Babb, three, two of which were grand slams; Roland Foster, two; and Gary Williams, one.

There are six Seniors leaving this team, James Sullivan, Roger Babb, Ronald Leibowitz, Gary Williams, Phil Dow and Roland Foster. There is a lot of credit due Coach Bill O'Brien for turning out such a great team. Best of luck in future years.

Girls' basketball team had a late start this year but we finally called the first practice about the last of November. The team was made up of eighteen players, ten of whom were "pros."

During the season we lost Faye Hanson, one of our best forwards. Her position was taken by Sylvia Howard along with the other forwards, Cynthia Anderson and Phyllis Hurley.

GIRLS' BASKETBALL

Continued

Phyllis Hurley was our high scorer this year with 236 points. Sylvia Howard, who has been the foul shooting champion for the past two years, was second with 183 points.

Coach Perry had to shuffle the players around this year but the Freshmen fitted in very well. Jean Hatfield helped out on the defense along with Diana Quinnam and Seniors, Debbie Bates and Elaine Leibowitz. Sandra Terrill also shows great promise as a forward. The remaining Freshmen are Joyce and Janet Umberhind, Jackie Skinner, Donna Lothridge, and Priscilla Fickett.

Lisbon 26 - Richmond 0

The Lisbon team went off to a quick T.D. by Loring Russell and they made three T.D.'s after that, but Lisbon's veteran team was too much for Richmond.

Richmond 7 - Oakland 6

The Bobcats won a thriller from Williams in the final minutes of the game. The Bobcats were led by their quarterback Mossie Sullivan who went over for the T.D. in the last seconds of the game. Richmond got the extra point with 19 seconds left on the clock, by a great pass from George Schools to Ed Coughlin who was all alone in the end zone to give Richmond the win. Williams got their T.D. in the third period and it looked as though that was the game until Sullivan came through for Richmond. Defensive stars were Phil Withee, Arthur Lebel, Gordon Stinson, Harry Simmons, and Linwood Horne.

Winthrop 47 - Richmond 14

Richmond entered the game with just twelve men and played a hard, fighting game all the way but Winthrop was just too much for the boys to overtake, but played hard until the game was over. Halfback Ray Mayo led Winthrop scoring with three touchdowns.

Richmond made two T.D.'s, one by George Schools and the other by Harry Simmons. Defensive stars were Phil Withee and Ed. Coughlin.

Boothbay Harbor 20 - Richmond 0

The Boothbay Harbor boys came through with their first win of the season by beating the Richmond boys 20-0. Richmond played as hard as they could but Boothbay was just too strong for the Richmond boys. Richmond made a couple of threats in the final period but couldn't get the ball over for a T.D. Harry Simmons played an all round game by doing some brilliant running. Mossie Sullivan and Ed Coughlin also played fine ball for the Richmond boys.

Mr. Hinckley: Do you know I began life as a barefoot boy?
George Schools: Well, I wasn't born with shoes on either.

Louis Lemieux: Ah Cherie Je-t' adore.
Debbie Bates: Aw, shut the door yourself, you opened it.

Mr. Hinckley: What is a detour?
Ed Coughlin: The roughest distance between two points.

B. Locke: (at social) May I have this dance?
E. Leibowitz: Sure if you can find a partner.

Dorothy Wheeler
To the Class of '56

Many of you will leave to further your education. It is our sincere hope that you will return to help us mold Richmond into the type of community it should be. Richmond is a good town. It has friendly people and an ideal location. This you will realize after you have traveled elsewhere.

We will need your help. Come back when you have finished your various schools of learning.

Pictured above is Dorothy V. Wheeler, Class of '55, who is now employed in this office.
